

Pantex Site Tour Questions and Answers

1. **Question:** The High Explosive Synthesis Formulation & Production (HESFP) Facility Project is on hold until when?

Answer: The FY 2024 NNSA budget did not request funding for the project until FY 2027.

2. **Question:** What shifts are worked at the site?

Answer: Currently, personnel are working day shifts and a partial graveyard shift; however, that does not preclude a swing shift (1600-2400) from being instituted depending on the workload.
